"Busy not thyself with this world, for with fire we test the gold and with gold we test our servants". -- Hidden Words of Baha'u'llah

GREEN T. HOUSE Living warmly welcomes Erika to perform the first of our 'MOONLIGHT CONCERT SERIES' to be held through the summer in our white stone courtyard, in the most simple way, under the moon.

Erika's voice and gorgeous melodies has literally brought tears to many listeners. In her latest CD 'Fire and Gold' she blends instruments, languages and ideas from all around the world to explore the tests and difficulties of life. Her music truly eases the soul from the burdens of this earthly life and uplifts it with divine illuminations.
